

Oil pressure switch for Duo 125/255

Oil pressure switch

Oil pressure switch for Duo 125/255

- Monitors the pump oil pressure
- Customer benefits: Helpful for system integration, allows remote monitoring of 'pump running'/'not running' status

Technical Data

Technical Data	Oil pressure switch for Duo 125/255
Contact	Closing contact, normally open
Monitored characteristics	Operating fluid pressure
Switch-point	1500 hPa
Switching current V AC	2 A
Switching voltage	250 V

Order number

Order number	Oil pressure switch for Duo 125/255
Oil pressure switch for Duo 125/255	PK 223 806 -T
