

Operations monitoring unit 3 for Duo 35/65, Duo 125/255

Operations monitoring unit 3

Operations monitoring unit 3 for Duo 35/65, Duo 125/255

- Monitors operating fluid level/temperature and exhaust pressure
- Mounted at the sight glass
- Customer benefits: Increased operational reliability through detection of impending dry running, increased temperature of the oil, and blocked exhaust line

Technical Data

Monitored characteristics

Operations monitoring unit 3 for Duo 35/65, Duo 125/255

Exhaust pressure | Operating fluid level | Operating fluid temperature

Order number

Operations monitoring unit 3 for Duo 35/65, Duo 125/255

Operations monitoring unit 3 for Duo 35/65, Duo 125/255

PK 223 739 -U
